PROGRAMME

This year ACP introduces some novelties in its programme.

Friday (23rd) offers the Super Special Stage (prologue), along with 85 km stage, to be finished at the same place of the prologue. This will allow a double passage, being a great satisfaction for spectators and above all the teams, which will develop an additional promotion opportunity and a springboard for the 30th edition of the Baja Portalegre 500, in 2016.

Programme (abridged):

- **17th August up to 2nd October:** Entries at a reduced price;
- **9th October:** End of registrations;
- **22nd October (Thursday):** Administrative checks and Scrutineering at NERPOR, reconnaissance of the Super Special Stage;
- **23rd October (Friday):** Special Stage, first for Bikes, Quads and UTV-Buggy, finishing with Autos. SS2 (85 km) for all competitors (Bikes, Quads, UTV-Buggy and Auto) in the afternoon;
- **24th October (Saturday):** One single stage of 350 km for Bikes, Quads and UTV-Buggy and two stages (SS3 and SS4) for the cars, with 150 km and 200 km respectively, as well as one stop in between for service (20 min.) and refuelling (20 min.), followed by a regrouping (minimum 10 min.).

This way, all competitors will range about 450 km tracks.
